

EVAS Worldwide News Letter

Third Quarter

July 2008

Where we've been...

NBAA Business Aviation Regional Forum Dayton, Ohio - June 26th, 2008 (Booth # 36).

EVAS™ Simulator
at EBACE Geneva
May 20-22, 2008

Lori Eisler (Business Development Professional) with Eric Miller (Senior Product Specialist) at CASS April 29th through May 1st, 2008.

Did you know?

- We are a client option @ Dassault Falcon Jet, Gulfstream & Bombardier.
- Western Aircraft is now an official sales & service installation center.

Where we're going...

Stop by and visit us at:

⇒ Airline Pilots Association (ALPA)
Washington, D.C - August 11th through August 14th, 2008.

⇒ NBAA - Orlando, FL October 6th through the 8th, 2008.

In this Issue: G650 is the *first* (OEM) aircraft to have **EVAS™** as standard equipment

EVAS™ Smoke protection has become officially standard on the *new* Gulfstream 650 entering into service in the 2nd half of 2012. This will be the first factory delivered aircraft to meet FAA recommended standards for cockpit smoke.
