– See Continuation Sheet(s) –

Date of Issue: 18 February 2016

Signed

(Eric CHEUNG)
Senior Airworthiness Officer (Certification) for Director-General of Civil Aviation

P-15-012
Supplemental Type Certificate STC-2014-04 REV. 1 – VisionSafe Corporation

CAD Form 91
DCA 541 (11/2015)
HKCAD Certification Basis:
The Certification Basis for this certificate is as recorded on the original STC (refer to item 1 under the “Associated Technical Documentation”) and as amended by the following additional or alternative airworthiness requirements:
1. The Certification Basis prescribed in the applicable Hong Kong Type Certificate Data Sheet.
2. The applicable certification requirements prescribed in Air Navigation (Hong Kong) Order 1995.
3. The applicable certification requirements prescribed in Hong Kong Airworthiness Notices, Issue [96].
The requirements for environmental protection and the associated certified noise and/or emissions levels of the original product are unchanged and remain applicable to this certificate.

Associated Technical Documentation:
1. FAA STC No. ST00892LA, dated 15 December 1999*.

* or later FAA approved revisions
*+ or later FAA accepted revisions

Limitations and Conditions:
1. Prior to installation of this design change it must be determined that the interrelationship between this design change and any other previously installed design change and/or repair will introduce no adverse effect upon the airworthiness of the product.
2. Limited to -3 and -4 installation specified in VisionSafe Corporation Drawing 6279, Revision O dated 4 January 2016 or later FAA approved revisions.

This certificate shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Director-General of Civil Aviation.
